

## In the Community...

Spring is finally here, and kids will be spending more time outdoors. Please drive with care and watch for kids playing near roadways everywhere!

## Maintain that Vehicle...

There is a cost to not maintaining your vehicle. Remember, a well-maintained vehicle will:

- last longer,
- retain more of its resale value,
- pollute less,
- get better mileage, and
- be safer to operate

Many newer cars have computers that will assist us in maintaining our vehicles, but nothing beats reading through and understanding the basics of your auto specific scheduled maintenance plan.

Creating and maintaining a maintenance log and keeping it updated is a great way to keep your maintenance schedule on target, and can even help increase the value of your car when it is time to sell or trade it in. So, while you may save a little money by skipping scheduled maintenance for your vehicle, you will ultimately decrease potential benefits to your safety, the environment and your wallet in the long run.
