RETIRED

Did You Even Notice?

From time to time, cars are retired or discontinued from a manufacturer's lineup. Here is a short list of some favorites that have been or will be discontinued soon.

Chevy Malibu
 This marks the end of a 27-year run for the Malibu since its resurrection back in 1997.

Chevy Camaro

Say goodbye to an iconic American muscle car in its gas version. Will it come back in an EV version? Only time will tell.

Toyota Supra 2.0

Not the GR Supra – just the 2.0 entry level model. It was never a bight and probably won't be missed.

Infiniti Q50

With the increasing interest in SUVs this Infinity sedan is being discontinued.

Jaguar F-Type

Sleek and powerful for car enthusiasts, this one will be missed.

Nissan GT-R

Nicknamed "Godzilla", this one has been around since 2009 and will also be missed by car enthusiasts.

Audi R8

This one has been gone for over a year, but worth mentioning. Audi's flagship supercar first came off the lines in 2008.

Wipers & Wiper Fluid!

Not a bad time to check those windshield wipers –

BEFORE you really need them... The roads can also be a mess this time of year and you have probably been using quite a bit of your windshield washer fluid. Don't forget to check and refill it BEFORE you run out!
