Get More Life Out of Your Car...

Little tricks of the trade and advice from car experts!

Don't fill up if you see the tanker at the gas station.

If you happen to see a gasoline tanker filling the tanks at your local gas station, come back another day or go to a different station. As the station's underground tanks are being filled, the turbulence can stir up sediment. Sediment in your gas can clog fuel filters and fuel injectors, causing poor performance and possibly necessitating repairs.

Place a towel under baby car seats.
Food crumbs and liquids can collect under a baby seat and can

cause permanent stains. Place an absorbent towel under the seat and re-secure the seat. Clean and replace this towel every few days.

Touch up nicks and scratches right away.

Be sure to keep some matching touch-up paint on hand so you can touch up any minor nicks or scratches before rust forms. Once any rust begins to form, paint will not adhere to the paint as well.

Graeves Auto & Tire
is a AAA approved auto repair center.

See page 3 for this month's special deal!

Fix small windshield chips.

For far less cost than replacing your windshield, you can fix chips and cracks, and they will even come to your house or place of business. In many cases, your insurance will cover the cost. Get it fixed before the small chip or crack expands and becomes unrepairable!

Did You Know?

Plastic bottles were first used for soft drinks in 1970.

+++++

The yo-yo was originally used as a weapon for hunting the in the Philippines.

+++++

Sir Isaac Newton was 23 when he discovered the law of gravity.

+++++

Jellyfish have been on Earth for over 650 million years, sharks for over 400 million.

Car Care Tip of the Month!

It is officially Fall and the leaves are already starting to turn. Those beautiful colors eventually wind up

on the ground and can create hazardous situations for drivers. Wet leaves can make roadways very slippery, especially around sharp turns.

Piles of leaves can attract children and bring them closer to the roadways. Be sure to keep an eye out and plan to slow down when needed to ensure safety for everyone.

Have a Safe and Happy Halloween!

October

Fall Special!

at Graeves Auto & Tire

**The Autumn chill has arrived.
Make sure you have all the heat
you need for you and your
passengers!**
