Easter Eggs in Your Car?

Did you know that you may have Easter Eggs hidden throughout your car? Not to worry, they will not spoil and have a foul odor... These are just hidden secrets found in some cars where manufacturers decided to have a little fun. Tesla is known for having many easter eggs in their lineup. Some are digital secrets found in your infotainment systems and some are secret compartments you never knew you had. Not all cars have Easter Eggs, but here are just a few that do.

Volkswagen ID.3

This model has incorporated play and pause graphics on their foot pedals.

Toyota Prius

The latest Prius has a hidden compartment located in the center console that contains a secret tray for you to store whatever will fit inside.

Jeep Renegade

The Renegade is known for having many Easter Eggs, but the best known is the jerrycan - Jeep's tribute to World War 2 heritage. This icon is

hidden in the taillights, at the bottom of the cup holders and imprinted on the roof.

Car Care Tip of the Month!

It is officially Fall and the leaves are already starting to turn. Those beautiful colors eventually wind up

on the ground and can create hazardous situations for drivers. Wet leaves can make roadways very slippery, especially around sharp turns.

Piles of leaves can attract children and bring them closer to the roadways. Be sure to keep an eye out and plan to slow down when needed to ensure safety for everyone.
