All American MUSCLE

10 Rarest American Muscle Cars...

1970 Plymouth Hemi Superbird...135 Produced.
Introduced after the Roadrunner and built specifically for racing. Possesses a horn that sounds like the cartoon Roadrunner.

1969 Chevrolet Camaro ZL-1...69 Produced
Modeled after the L88, with an aluminum engine

capable of 560 horsepower. The first 20 cars were used for professional racing.

1967 Ford Fairlane 500 R-Code...57 Produced
The Fairlane went from full size to the slimmer size 500 model in 1962. In 1967, the 500 R-Code came with dual quad carburetors and 425 horsepower.

1967 Plymouth R023 GTX...55 Produced
The R023 was a power upgrade to the GTX model weighing in at 500 pounds lighter by stripping down standard features like hubcaps, radios, heaters, and even carpeting.

See Page 4 for this month's special coupon!

1970-71 Plymouth Hemi Cuda Convertible...21

Produced

Coming with 5 different engine options, its' limited run can be attributed to the price increase caused by the engine upgrades.

1967 Chevrolet Corvette L88...20 Produced

A part of the L88 racing package, this Corvette was designed for professional racing. A total of 196 were produced, but only 20 were from the 1967 model. Production was stopped due to its' high emissions.

1970 Chevrolet Chevelle SS 454 LS6...20 Produced

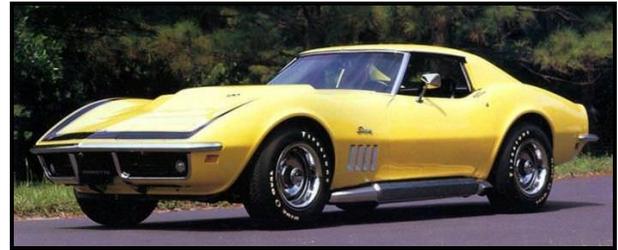

SS models came with an optional 402 cubic inch engine or a 440 cubic inch engine. This LS6 model only came with the 440 cubic inch engine with an added 100 horsepower totaling 560.

1971 Pontiac GTO Judge Convertible...17 Produced

Inspired by the Ferrari 250 GTO, this DeLorean design was also an upgraded racing package with reduced

weight and a 455 cubic inch engine. Strict emissions standards also halted the production of this gem in 1971 after only 17 were produced.

1969 Chevrolet Corvette ZL-1...3 Produced

There are only 3 instances where an aluminum L88 Special Turbo Jet, 427 cubic inch engine producing 500 horsepower was installed in a Corvette. The employee price of \$10,771 was over \$3,000 more than a normal Corvette.

1967/1970 Dodge Coronet R/T 426 Hemi Convertible...2 Produced

Fitted with a 487 Coronet R/T engine and possibly the rarest American Muscle car in existence, only 2 were produced in 1967 and another 2 in 1970 with a total makeover.

Car Care "Tip of the Month"

Properly Cleaned Windshield -

Safer Driving... Some people prefer to use plain water to clean their windows. While this is a very safe method, water is not enough of a solvent to cut the protein base of stubborn spots, like bug remains. Using a glass-cleaning microfiber towel will provide a gentle scrubbing action to help clean

properly. Avoid cleaners containing ammonia which release harmful fumes, and can dry out plastic, rubber, vinyl, and leather surfaces.

Fix Small Windshield Cracks

Have a rock chip, crack, or ding in your windshield? Take your car to a certified windshield repair shop. For far less cost than replacing the windshield, they can fix small chips and cracks. Do not procrastinate, these repairs will keep the chips and cracks from spreading to the point where you will need to replace the entire windshield.

They will also restore the structural integrity of the windshield, and improve clarity.

OC BikeFest Motorcycle Rally

Sept 13-16

Enjoy & Ride Safe!

Did You Know?

The greatest distance between two U.S. mainland cities (48 contiguous states) is 2,892 miles from Point Arena, California to West Quoddy Head, Maine.

The smoke-line left by an airplane is really water vapor.

Montana has 3 times as many cows than it does people.
